What is the Health Care Payment Learning & Action Network?

The Health Care Payment Learning & Action Network (HCPLAN, or LAN) is an active group of public and private health care leaders dedicated to providing thought leadership, strategic direction, and ongoing support to accelerate our care systems’ adoption of alternative payment models (APMs). The LAN mobilizes payers, providers, purchasers, patients, product manufacturers, policymakers, and others in a shared mission to lower care costs, improve patient experiences and outcomes, reduce the barriers to APM participation, and promote shared accountability.

Since 2015, health care stakeholders have relied on the LAN to align them around core APM design components, host forums and summits to share information and inspire action, build consensus among leaders, and measure the progress of APM adoption. The LAN will continue to be a trusted partner that connects the public and private sectors, identifies and shares best practices, and guides the field in rapidly moving to value-based payment.

OUR GOAL STATEMENT

Accelerate the percentage of US health care payments tied to quality and value in each market segment through the adoption of shared accountability (i.e., two-sided risks) APMs that include nominal risk to:
