# WELCOME

## **Sam Nussbaum**

*APM Framework and Progress  
Tracking Work Group and Payer  
Collaborative Chair*

*Former Executive Vice President  
and Chief Medical Officer*

Anthem, Inc.

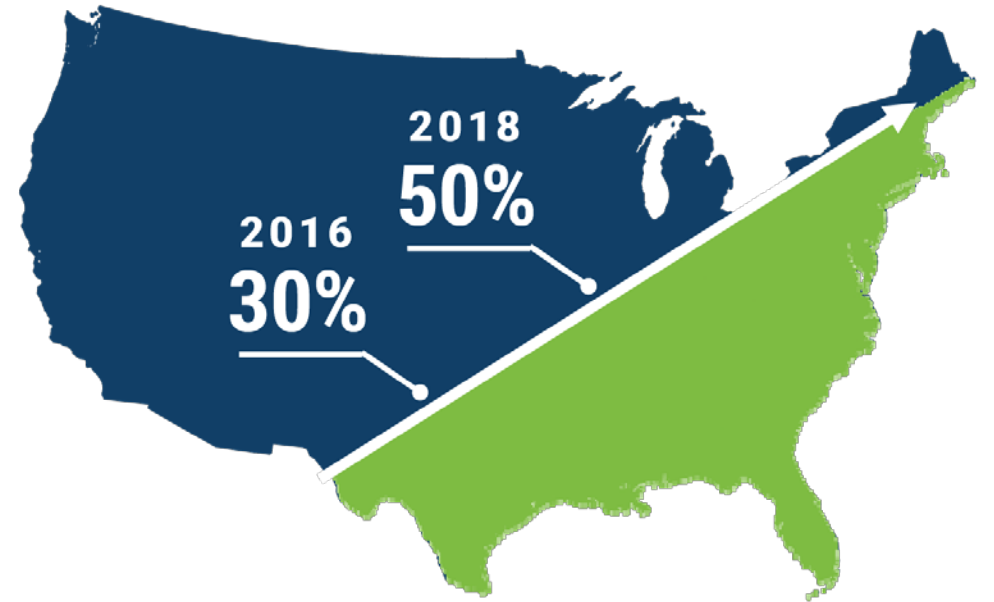

# SESSION OBJECTIVES

- Share LAN's effort to operationalize the APM Framework and craft a standardized approach for measuring adoption of APMs nationwide
- Highlight experiences and lessons learned from CMS and leading health plans participating in the data collection 'road test'
- Emphasize importance of continued partnership with the LAN in this effort to help shape and track our collective progress towards payment reform

# APM MEASUREMENT EFFORT

Overview: National Data Collection

- Nationwide payer data collection led by LAN to track progress toward APM adoption launches in mid-May.
- Goal is to have 30% of U.S. health care payments in APMs by 2016 and 50% by 2018 – APMs are expected to demonstrate better outcomes, lower costs, and improve care delivery

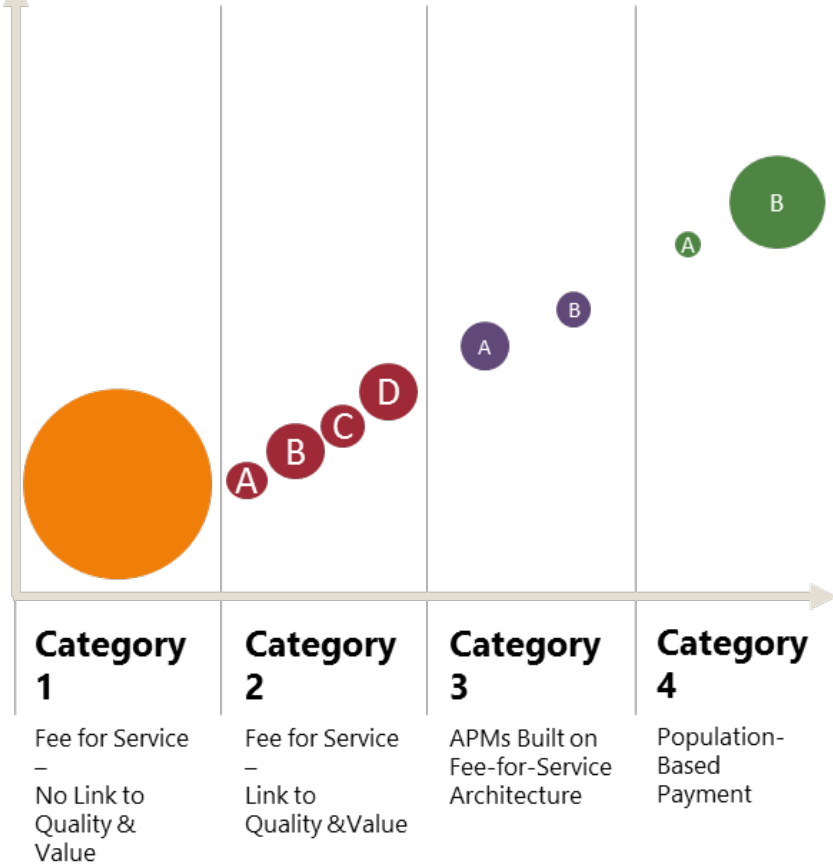

**This initiative is a key activity in our collective efforts to transform health care to better care, healthier people, and smarter spending.**

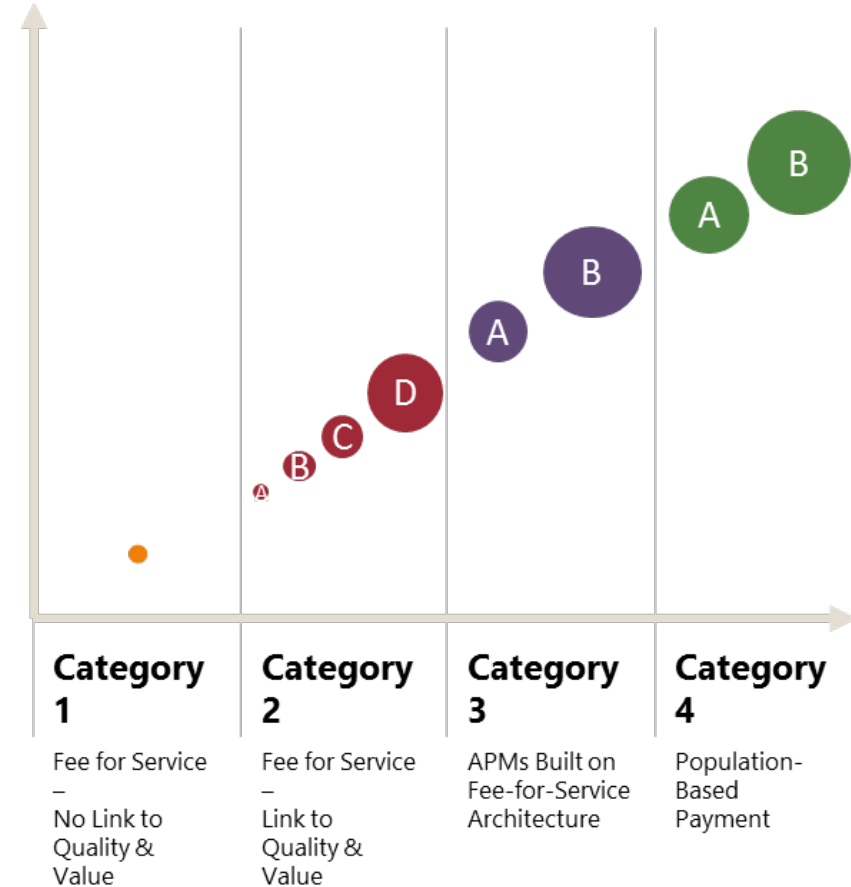

# PAYMENT REFORM GOALS

- 
- Provider accountability and innovation
  - Impact of payments on cost and quality performance
  - Delivery system integration and coordination
  - Patient-centered care

Current State

Future State

# APM MEASUREMENT EFFORT

## National Data Collection Approach

	Category 1 Direct Services Medicare & Medicaid	Category 2 Private Services Health Care Quality & Access	Category 3 APM Services For Fee-For-Service Providers	Category 4 APM Services For Value-Based Payment
Fee-for-Service				
Traditional Payment for Institutional Care				
Value-Based Payment				

The APM Framework will be used to measure progress towards adoption of APMs

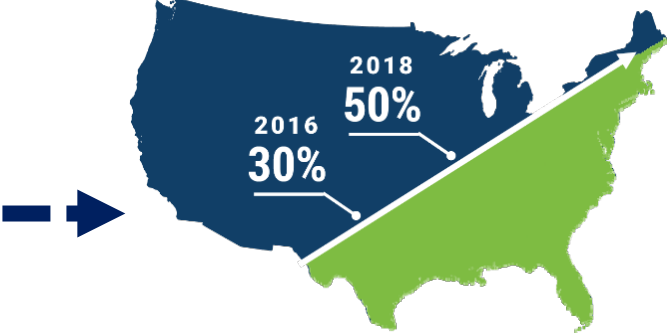

### Payer Collaborative

A diverse group of health plans assembled to inform the LAN's approach for measuring adoption of APMs

### Measurement Pilot

A subset of Payer Collaborative participants took part in an exercise to further inform and test the LAN's approach

The resulting approach will be used to measure the nation's progress towards our collective goals

UPMC HEALTH PLAN

# PAYER COLLABORATIVE PILOT

Nine plans voluntarily participated in a 5-week pilot exercise to:

**Provide feedback on the proposed metrics**

**Test feasibility of the proposed data collection instrument**

**Determine the anticipated investment of time needed to complete the data collection**

*Lessons Learned from the pilot are being incorporated into the LAN's approach for the nationwide data collection.*

Associate Vice  
President  
*Rocky Mountain  
Health Plan*

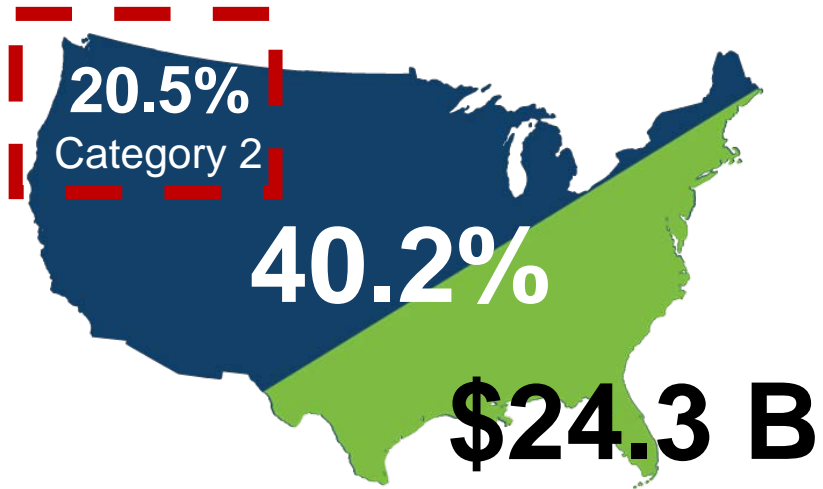

# CMS

Achieving a Major Milestone

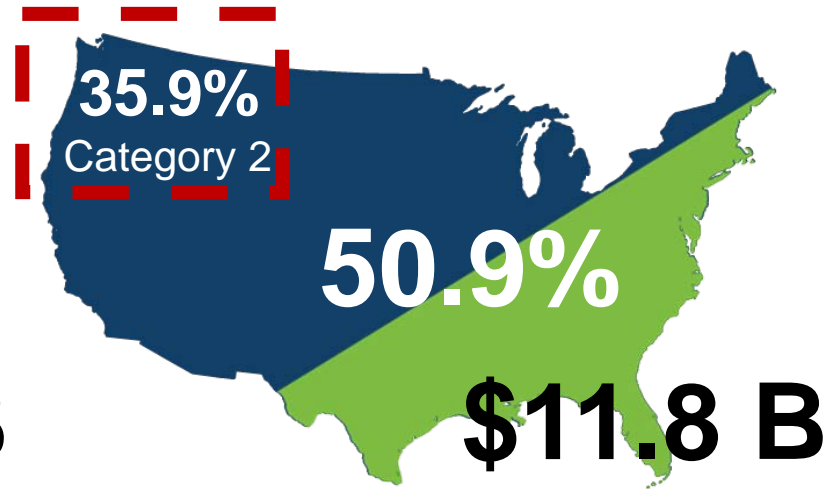

In March 2016, HHS announced achievement of its goal of tying **30** percent of Medicare payments to APMs and **85** percent of all payments to quality – nearly a year ahead of schedule.

# PILOT PARTICIPANTS

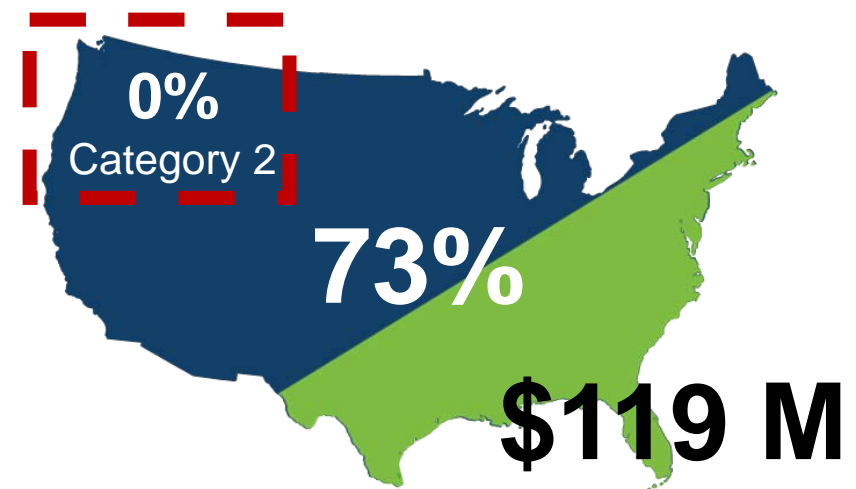

Leading the Way

**Anthem**  
(Commercial)

**Humana**  
(Medicare Advantage)

**Rocky Mountain  
Health Plans**  
(Medicaid)

*These percentages represent total payments in categories 3&4 in CY 2015 or the most recent 12-months for which plans had data, unless otherwise specified*

# QUESTIONS

# CALL TO ACTION

Everyone – consumers and patients, providers, health plans, businesses, states, consultants - has a critical role to play in shaping and assessing our progress towards our collective payment reform goals

Partner with the LAN on this effort by:

- Helping to standardize reporting processes and requests
- Continuing to engage and provide feedback on the LAN's measurement approach
- Joining LAN measurement efforts
- Sharing experiences with APM adoption
